

Skyrim Voices.bsa English

Vocals comparison before after (with mods) close up close up De-duscussed De-duscussed, closer up The voices sound very natural and easy on the ears. Adding the voiced files to the original version of Skyrim was not a difficult task at all, just extract the two files and replace them, the voices sound almost identical. Some, perhaps not-so-related, extra data I translated all of the language options into German (with the help of Google), you can find the data below. There are some options which have different values in the english and german version of the game. And there are some options which no longer work on PC. I also added a large chunk of German strings from default skyrim. sVersion=1.0.0
